By opening the doors of this prestigious property, a unique universe is offered to you. The owner completely remodeled the villa with the addition of new areas such as an independent guest house with two beautiful en suite bedrooms and a living room overlooking the mountains, a patio, a laundry room, an additional garage and a space for staff with bedroom and bathroom.

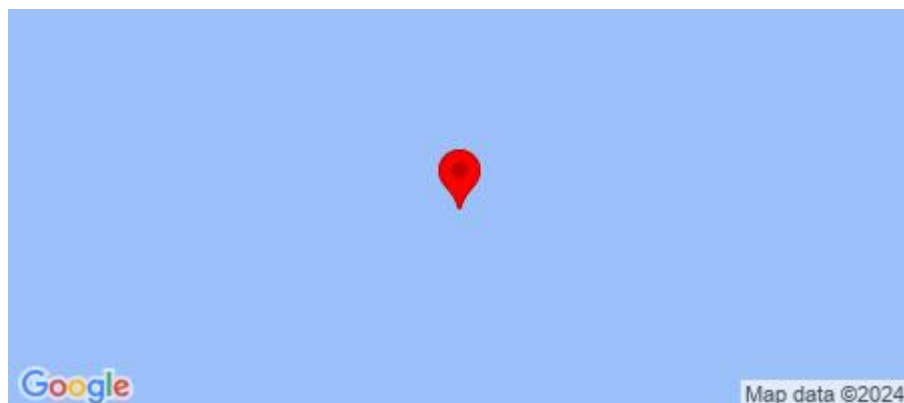

The main villa decorated with the greatest taste offers 4 spacious en-suite bedrooms, a spacious living/dining room opening onto the terrace and the overflow pool. To top it all off, a kitchen, utility room, laundry room, automatic garage for 4 cars and carport complete the picture.

Luxury, calm and voluptuousness are the key words of this architectural masterpiece.
