PROPERTY FEATURES

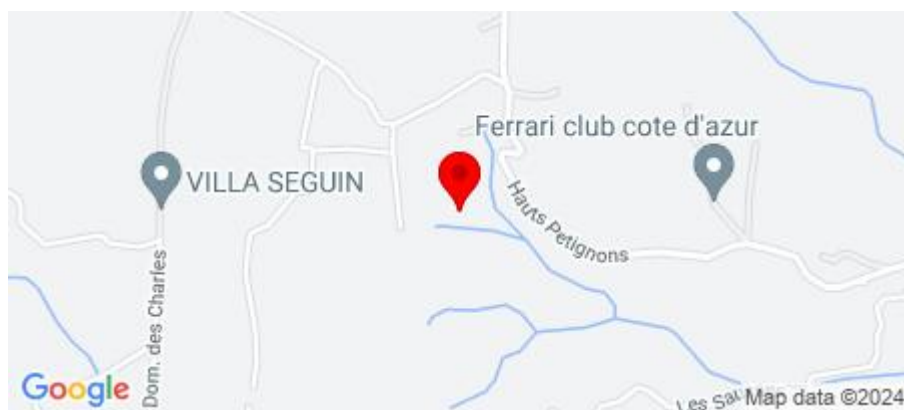

Under precontract _You dream of a paradise on Earth, surrounded by nature, without any nuisance and 15 km from the sea: This villa is made for you. On a flat, wooded plot of more than 6,000 m², fully fenced, with borehole and well, this renovated single-storey stone villa of 204 m² offers incredible charm. Interior modernity combined with the authenticity of noble materials such as stone and wood creates a living space of unique quality. On the large terrace, either in the shade of the century-old wisteria for hot summer days, or in full sun for cooler days, you can admire the emblematic Roquebrune rock which changes color over the hours . The villa includes 5 bedrooms, 2 bathrooms, a fully equipped kitchen semi-open to the living-dining room with fireplace, a library/games area as well as a 2-room apartment of approximately 30m² with individual entrance. A separate annex of 20 m², a carport and a large heated swimming pool of 6x12m complete the comfort of this magnificent villa. Assured crush!
