Sea Caves in Peyia- at the sea front of Peyia village in Paphos, the sea caves are creating a remarkable view. This is a unique place of geological and biological interest. The stretch of coastline is amazing and you can either walk the length of it

or swim and explore the caves. These natural caves are the homes of the protected seal Monachus-Monachus. Monachus-Monachus are visiting Cyprus every year to give birth of their babies. Close to the cave is another remarkable attraction, the EDRO III shipwreck. An area that is sought after and close to amenities of Coral Bay and Peyia Village.
